30 Liberty St., Edison, NJ 08837
PUMPS / PARTS / SERVICE

www.metropumps.com

Serving the Pumping Industry Since 2003

PUMP APPLICATION

Boiler Feed, Chemical Process, Oil & Gas Processing, Condensate, Waste Water, Tank Transfer, Chemical Metering, Cooling Tower, Pipeline, Fire Protection, Chemical Feed, Hot Well, Sump, Ship Cargo, Slurry, De-Watering, Flood Control, Fuel Oil & Petroleum, Reverse Osmosis, Demineralization, Raw Water, City Water Booster, Food Processing, Mining, Pharmaceutical, Paper Stock, Ballast, Lube Oil, HVAC, Sand, Gravel, Truck & Rail Car Unloading

CORE SUPPLIERS

PUMP TYPES

ANSI End Suction, Split Case, Positive Displacement, Centrifugal, Vane, Gear, Screw, Piston, Plunger, Progressive Cavity, Lobe, Vertical Turbine, Submersible, Diaphragm, Vortex, Grinder, Multi-stage, In-line, Peristaltic, Vacuum, Self-Priming, Metering, Seal-less

Pumps – Parts – Motors – Service – Mechanical Seals

SEALING PRODUCTS & SUPPORT SYSTEMS

Mechanical Seals & Support Systems, Shaft Packing, Bearing Face Seals, Labyrinth Seals, Constant Level Lubrication, Grease Lubrication, Central Lubrication System & Oil Sampling

MOTORS

High efficiency motors, large and small, which serve Industrial, Residential and Commercial markets in applications ranging from water treatment, mining, oil and gas and power generation. Motors for air conditioning condensers, rooftop cooling towers and commercial refrigeration.

PARTS

For All Current & Obsolete Makes & Models of Pumps

- Flowserve – Worthington – Durco – Goulds – Peerless Viking – Moyno – Grundfos – Crane – IMO & Others

SERVICE

Repairs for all Manufacturer's Makes & Models

- Mechanical Services
- Machine Shop Services
- Fabrication & Welding
- Dynamic Balancing
- Laser Alignment
- Engineering & Consulting

Oil & Gas

Power Generation

Industry Applications

Chemical Processing

Water & Wastewater

Pumps – Parts – Motors – Service – Mechanical Seals
